

Sowing and Reaping in These End Times
(Gal. 6: 7-10) 10/21/18 TBCW AM

I. Sow Wisely (vv. 7-8)

- A. Sow as if God were the audience (v. 7).
- B. Sow as if eternity were dependent upon it.
- C. Sow as if you believed in consequences.

II. Sow Widely (vv. 9-10)

- A. Sow without fainting (v. 9).
- B. Do Good unto all (v. 10).
- C. Do good especially *to them who are of the household of faith* (v. 10).

1. Everyone gets weary from time to time. What is your first instinct when you do?
2. Can unbelievers expect much help from God in those times? Why can we believers expect more? Is that your normal initial expectation?
3. As you read v. 7, do you connect well with the farming idea of “sowing and reaping”?
4. What does it mean when we are told that “God is not mocked”? And how is *deception* involved here?
5. According to v. 8, how different is the first part from the second part? Where do you fit today?
6. What is “corruption” vs. “everlasting life”? Do you see this as a stark difference or a similarity?
7. In v. 9, we are told not to *grow weary* nor *lose heart*. Why might that be the tendency when *doing good*? Who might be against us?
8. So, what can you believe and do differently next time you feel weary?
9. According to v. 10, who are the two people groups that we are to “do good works” toward?
10. How are we to maintain the priority in our good deeds? Is there someone in our church today that you could be a blessing to by going to them with an offer to take care of something you know they need?
